

## news and events

The legal landscape in which we all operate is subject to constant change. So it is important that we understand what those changes are and how they might affect us, whether at an organisational level, as executives or employees within those organisations, or as private individuals.

At Blake Lapthorn we work hard to keep our clients and contacts in touch with what's happening around them, in particular with respect to changes in the law and their possible impact. We therefore regularly produce news and legal updates in the form of bulletins or events that we hope will help you to keep you up-to-speed with topical issues and significant changes.

A list of links to our latest updates is provided below - please click on the links in the left hand menu to see these by type of update.

### latest news and updates

---
